Training needs identification

Annually, the Council will formally review the training needs of Councillors and the Clerk at a meeting of the Parish Council.

Training requirements for Councillors will usually be identified by themselves, the Chairman and/or the Clerk. Opportunities to attend courses will be investigated by the Clerk and brought to the attention of the full council.

Training needs for the Clerk will be identified through the recruitment process for new clerks, including application form and interview, formal and informal discussions and annual staff appraisal. The Clerk is expected to keep up-to-date with developments in the sector and highlight to the Council any training required. Requests for study leave will be considered on a case by case basis.

Resourcing Training

Annually, an allocation will be made in the budget as required to enable reasonable training and development.

Annually, the Council will consider an allocation in the budget for the payment of a subscription to available support agencies to enable the Clerk and Councillors to take advantage of their training courses and conferences.

Purchases of relevant resources such as publications will be considered on an ongoing basis.

Evaluation and review of training

All training undertaken will be subsequently evaluated by the Council to gauge its relevance, content and appropriateness. Any additional training needs highlighted as a result will be brought into the training identification process above.

Training will be reviewed in the light of changes to legislation or any quality systems relevant to the Council; new qualifications; new equipment; complaints received or incidents which highlight training needs and requests from Councillors, the Clerk or volunteers.

The Clerk will maintain a record of training attended by themselves and Councillors.
